BetaNav | 8 GPUs, global batch 64 | completed 29,589 / 29,589

Training history from step 2,000 to completion

Loss smoothing: trailing 50 logged batches (~500 steps). Time smoothing: 10 batches (~100 steps). Earlier history is used at the left edge.

Final checkpoint: 29,589. Last logged loss: 29,580 (no extrapolation). Duplicate resume records removed; update times exclude restart downtime.
